

VIRTUAL PARKING METER (VPM)

App Setup

Before driving to Prague and making use of the city's paid parking zones (PPZs), we recommend that you enter your vehicle's plate number and your payment or CCS card details into the VPM app from the comfort of home according to these instructions. This will make using Prague's PPZs faster and easier.

1. Enter the address **mpla.cz/praha** into your browser.

2. Click on the Settings tab

3. Enter your vehicle's plate number

4. Enter your payment or CCS card details

You can save up to two payment cards and one CCS card.

5. Enter the e-mail address that payment receipts should be sent to

6. Enter a security password

The password is used to ensure secure encryption of the details in your device. The next time you pay, you will not have to enter your card details again. Payment will be carried out once you correctly enter your security password.

Done. You are now set up and ready to go.
