

## VIRTUAL PARKING METER (VPM)

How to pay for parking in the new PAID PARKING ZONES (PPZs) via the VPM app

### 1. Enter the corresponding PPZ

Park your vehicle and open the website [mpla.cz/praha](https://mpla.cz/praha). There are two ways to select the PPZ that corresponds to your location.

**1. Manually:** Find the respective parking meter or vertical traffic sign. The **number of the corresponding PPZ** is indicated on it.

**2. Using GPS:** activate the GPS in your mobile device and select the corresponding PPZ from the options.

### 2. Select your vehicle's plate number, parking interval and payment method

The app will ask you to:

- Select one of the plate numbers stored in your app or enter a new plate number
- Select a parking interval and corresponding price from the rolling menu
- Select the payment method (payment card or CCS card).

Click on "Continue".

### **3. Confirm payment**

Confirm payment by entering the security password you chose when you entered your card details. The parking session begins once payment is confirmed.

### **4. Extending parking and more information**

To extend a parking session

1. Click on “Extend”
2. Open the “Details & Extension” tab
3. Confirm by entering your security password again.

### **5. Extending parking and more information**

To extend a parking session you can also use the link found in the e-mail sent to you with the payment receipt.

### **6. Payment receipt**

Sample payment receipt.
