

PRAGUE PAID PARKING ZONES – PARKING METER USER MANUAL MISSING – PROCEDURE WHEN PAYING FOR PARKING BY ENTERING VEHICLE PLATE NUMBER (Prague 1, Prague 2, Prague 5, Prague 6, Prague 8)

- **Press the “START” button** on the parking meter keyboard to wake the **parking meter** up. “PARKUJ V KLIDU” will appear on the screen.

- Basic information will then be displayed:
 - **Press “1” to continue with payment**
 - Current parking tariffs
 - Link to website listing other payment options

SELECT LANGUAGE BY PRESSING [BUTTON]

- A different language can be chosen at any time during the payment process
 - The language options are Czech, English, German, French, Russian and Polish
-
- After pressing “1”, instructions for initiating payment for parking will appear – **use the keyboard to enter the vehicle plate number (PN).**

Press the “Correction” button if you make an error when entering the PN.

Once the correct PN is entered, press the “Confirm” button to continue with payment.

Pressing the “Cancel” button will cancel the entire transaction.

- Payment instructions will appear once the vehicle's PN is confirmed.

The following options will be displayed:

- **Payment using coins** in CZK (nominal values of CZK 1, 2, 5, 10 20 and 50) or EUR (nominal values of EUR 1 and 2) – start by inserting coins; the parking interval is calculated automatically
 - - Payment using a bank card (Master / Visa, contact / contactless) – start by pressing the “+” button.
-
- Once the payment method is selected, the screen will display **information about the selected start and end time of the parking session and the amount due.**
 - When using coins, the parking interval is chosen automatically by the value of the coins inserted.
 - When using a bank card, the parking interval is selected using the buttons “+” (CZK 1) / “-“ (CZK 1) / “++” (CZK 10).

The parking meter verifies the minimum and maximum parking interval. If an error is made in payment, information about the error will appear on the screen.

Press the “Confirm” button to confirm the selected parking interval and amount for payment. The payment process then continues.

Press the “Cancel” button to cancel the entire transaction.

- **When using coins, the payment process ends automatically by having the parking card printed out.**

- **When using a bank card, the card use instructions appear.**

The card is verified upon inserting the card in, or, in the case of a contactless card, tapping it on the terminal.

The following notifications appear if card verification is successful:

- Payment by bank card is in progress
- Please wait + paid amount
- Accepted. Please remove card + paid amount

Information about the amount paid and the parking interval appears at the end of the card payment transaction.

- **The parking card is printed out automatically once the card payment transaction is completed.**

- **A receipt is automatically offered in the case of payment by bank card. The driver can select "Yes" or "No". If "Yes" is selected, the receipt is printed out.**
